Let us read from the book

Is there instant success?

Dreams

Reality

From railway ticket collector to Indian cricket icon. When he smashed the six that won the World Cup for India in 2011, it **instantly** became an iconic moment in cricket and established the man who started out as a railway ticket collector as one of the game's greats!

James **Dyson** knows a thing or two about failure -- there were [5,127 failed prototypes](#) before his first model was proven successful. This journey also took 15 years, far from an overnight success. While some entrepreneurs might have called it quits after a dozen failed prototypes and a few years of trying, Dyson didn't give up. (**Dyson Vacuum cleaner**). By 15th prototype, third child was born. By 3,727, wife was giving art lessons for some extra cash. I just kept at it

Everybody is looking for instant success, but it doesn't work that way. You build a successful life one day at a time.

Chances of Lottery Winning!

Many hope on gaining instant success e.g., by becoming rich from winning a Lottery

Let us take the case of Dubai lottery. The chances of it happening are of the order of 0.0000001.

Would you be willing to gamble your life on such a chance?

What are the odds?

Odds of winning the Mega Millions jackpot:

1 in
302,575,350

Odds of being struck by lightning in your lifetime:

1 in
14,600

Odds of being attacked by a shark:

1 in
11,500,000

Odds of a woman giving birth to identical quadruplets:

1 in
700,000

Three Grand Lotteries!

**Nar Tanu Shraddha Guru, Govind Radhe
Teenu saubhagaya tera lakhsya dila de**

Foolish person's "saubhagya" (good fortune)- getting a great family, money, wealth, fame

Real "saubhagya": getting a human body, and getting faith and Guru

Guess who said this!

**SELF-BELIEF
AND HARD WORK
WILL ALWAYS
EARN YOU
SUCCESS.**

Proficiency from consistent hard work

Principle of incremental growth

Taking repeated small steps in the proper direction

A magnificent architectural monument does not manifest suddenly; it is built by gradually assembling its individual blocks.

A long journey is not completed in a single leap, but by traversing its smaller individual segments.

Similarly, one does not transform from a sinner to a saint overnight, but by making the proper choices, again and again, repeatedly over time

“It takes a *lot* of
time to achieve
instant *success*.”
